

# Preventive Vaccination Coverage

## Convenient provider access makes getting preventive vaccinations quick and easy.

UnitedHealthcare contracts with a variety of national pharmacy chains and retail convenience care clinics to offer members easy access to flu vaccines.

Preventive vaccinations are covered at \$0 out-of-pocket when members use one of the following network providers. Members should bring their health plan ID card and tell their provider the flu shot is covered under their benefits.

**Network doctors or other health care professionals.**

**Select retail pharmacies.**

**Network convenience care clinics.**

If going to a network pharmacy or convenience care clinic that does not submit through the prescription drug coverage, members can pay for the preventive vaccinations up front and submit a copy of the printout to All Savers for reimbursement along with the policy holder's full name, member ID number and patient name to:

**All Savers**  
**P.O. Box 31375**  
**Salt Lake City, UT 84131-0375**  
**Fax: 801-478-7582**  
**Email: [uhoclaimsrequests@uhc.com](mailto:uhoclaimsrequests@uhc.com)**

## Worksite Flu Clinics:

- 1 Ensure the individual administering the flu shots is a network provider.
- 2 The payment method needs to be the same for all employees by either:
  - A. Employees pay up-front and we reimburse the member OR
  - B. The flu shot administrator submits spreadsheet to [uhoclaimsrequests@uhc.com](mailto:uhoclaimsrequests@uhc.com) with the following information:
    - i. Full name of employee
    - ii. Member ID number (Example: C01234567)
    - iii. Date of service
    - iv. Charged amount
    - v. Payee identified (member or provider of service)

## What you need to know.

- Our health plans cover preventive vaccinations at 100 percent when you use a contracted network provider.
- Talk to your doctor about which vaccinations may be right for you.
- Show your health plan ID card before getting your shot.
- On the other side of this flier is a list of national pharmacy chains and convenience care clinics that are contracted to provide flu shots.
